Board Distribution

Boards distribution

- Believe it or not, even at ST we have hard time to get boards. Unfortunately, we need to collect the board at the end of the workshop to use them in the next one.
- We'll disinfect the boards at the end of the workshop and before re-distribution.
- A voucher will be handed out at the end of hands-on

Hands-On: Quick Connect

Goal

- Create an [Azure IoT Central application](#) and connect the [B-U585I-IOT02A - Discovery kit for IoT node](#) for bi-directional communication

B-U585I-IOT02A

IoT Central Application
